

Evolution System

#designyourstosakitchen

La modularità che aumenta gli spazi di contenimento in cucina.

Modularity that increases storage spaces in the kitchen.

Aliant un armonioso gioco di riflessi che nasce tra la leggerezza visiva del vetro e la matericità e resistenza dell’HPL e Neolith®.
Aliant è progettata con la nuova modularità Evolution System, non solo una semplice cucina, ma una soluzione compositiva che genera spazio.

Aliant harmonious reflections between transparent glass and tough, technical HPL and Neolith®.
Aliant is designed to include the new Evolution System modularity: more than just a kitchen, it’s a modular, space-generating system.

- 1.**
Finitura bronzo per zoccolo altezza 8 cm e maniglie

Bronzo finish for the 8-cm high plinth and handles

Floor-level tall unit doors and deep base units installed behind islands

Finiture telaio / Frame finishes

Finiture anta / Door finishes

Aliant_System

Aliant è disponibile con gola. La sottile superficie del vetro, dell’HPL® o Neolith® appoggia all’interno di un telaio alluminio finitura Nero spazzolato, Titanio e Bronzo, così le ante, una volta chiuse, creano un effetto omogeneo ed elegante.

Aliant is available with a groove. The slim glass, HPL® o Neolith® panel is lodged inside a Nero Spazzolato , Titanio or Bronzo finish aluminium frame so that, once shut, the doors take on an elegant, unified appearance.

Aliant è la cucina in cui materiali ricercati si amalgamano tra loro per creare ricette prelibate: il vetro che infonde leggerezza, l’HPL che garantisce alte prestazioni tecniche ed estetiche e il Neolith® che racchiude al suo interno materie prime naturali dalle proprietà eccellenti. Una rinnovata palette per i vetri e nuove finiture di l’HPL e Neolith® ampliano le potenzialità espressive di ogni progetto.

Aliant is a kitchen in which refined materials blend together to create delicious recipes: glass adds visual lightness, HPL guarantees top technical and aesthetic performances and Neolith® contains natural raw materials featuring excellent properties. A new colour palette for glass as well as new HPL and Neolith® finishes expand the expressive potential of each and every project.
